

## **REVISIONS TO WCGBA COVID GUIDELINES W.E.F 17 MAY 2021**

Further to recent Welsh Assembly Government guidelines updates, we are pleased to confirm that, apart from those listed below, all previously advised restrictions are now lifted and Club House and other facilities may re-open.

The following Guidelines need to be observed:

1. A record of the names, contact details and times of attendance of all people using the Green should be maintained for contact tracing purposes. As previously advised, the NHS app may be used.
2. Masks should be worn indoors at all times unless seated eating or drinking.
3. Social Distancing should be maintained unless from the same household.
4. A maximum of 50 people can attend the Green at any one time of which a maximum of 30 can be indoors (NB Given that the majority of our Club Houses will not support 30 people indoors with social distancing, we strongly recommend that Clubs consider placing a lesser number on this in line with their own circumstances).
